### DIAMONDS

Diamond Type I / II Verification Test Colourless diamonds only. Screening results may indicate additional charges. A 'Refer' Diamond could be a rare Natural Type IIa Diamond, Laboratory Grown or a Simulant. We also have the advanced testing equipment to carry out further tests to verify whether the referred stones are indeed Natural Type II Diamonds and not HPHT treated.

## DIAMOND SCREENING

### FOR MOUNTED SMALL STONE/MELEE SIZE

A PASS RESULT indicates that the diamond is a natural Type I - this equipment does not test for HPHT treatment.

REFER RESULT - requires advanced testing (see below) for a definitive result to determine whether the stone is a rare Type IIa diamond or a Laboratory Grown diamond.

PLEASE NOTE This "screening only" service does not identify treatments such as fracture filling, laser drilling, internal drilling, coating or HPHT treatment. An additional service/charge is available to detect these treatments as part of a Mini Diamond Report.

	VERBAL PRICE
1 to 2 Stones (solitaire ring/pendant/stud earrings)	£8.00
3 to 10 Stones	£13.00
11 to 30 Stones	£20.00
Over 30 Stones	starting from £26.50
Special Items (e.g. wristwatch)	P.O.A
A4 Written Report (without photograph)	additional £9.00 per item
A4 Written Report (with photograph)	additional £13.00 per item

### ADVANCED TESTING

This advanced test is the only test that will give you a definitive result as to whether the stone is a rare natural diamond type II a or a laboratory grown diamond.

£31.00  
per stone

Please note this type of service does not identify treatments like fracture filling, laser drilling and coating.
