DIAMONDS

Diamond Type I / II Verification Test Colourless diamonds only. Screening results may indicate additional charges. A 'Refer' Diamond could be a rare Natural Type IIa Diamond, Laboratory Grown or a Simulant. We also have the advanced testing equipment to carry out further tests to verify whether the referred stones are indeed Natural Type II Diamonds and not HPHT treated.

DIAMOND SCREENING

FOR MOUNTED SMALL STONE/MELEE SIZE

A PASS RESULT - indicates that the diamond is a natural Type I- this equipment does not test for HPHT treatment.

REFER RESULT - requires advanced testing (see below) for a definitive result to determine whether the stone is a rare Type IIa diamond or a Laboratory Grown diamond.

PLEASE NOTE This "screening only" service does not identify treatments such as fracture filling, laser drilling, internal drilling, coating or HPHT treatment. An additional service/charge is available to detect these treatments as part of a Mini Diamond Report.

	VERBAL PRICE
1 to 2 Stones (solitaire ring/pendant/stud earrings)	£8.50
3 to 10 Stones	£13.50
11 to 30 Stones	£21.00
Over 30 Stones	£27.50
Special Items (e.g. wristwatch)	P.O.A
A4 Written Report (without photograph)	additional £9.50 per item
A4 Written Report (with photograph)	additional 13.50 per item

ADVANCED TESTING

This advanced test is the only test that will give you a definitive result as to whether the stone is a rare natural diamond type II or a laboratory grown diamond. Please note that this type of service does not identify treatments like fracture filling, laser drilling or coating.
